JUST BALL

IATHLETIC

The team at iAthletic have been living and breathing basketball for over 40 years - from designers to the sales team - we can talk hoops as well as deliver it.

iAthletic doesn't just sublimate, we don't just print your logo and we don't just buy generic garments ... we manufacture, stock and design basketball products from head to toe, specifically for team wear, in function and design we are a step ahead and on trend.

We are proud that we produce it, we design it and we do it at a price that screams value. iAthletic can fit out your entire club in authentic team wear - keeping quality up and prices down.

IATHLETIC DNA

We are part of the basketball family. The ownership (David Biver and Simon Conn) of iAthletic has over 40 years experience in high performance as well as 20 years of product and retail experience. iAthletic not only understands the major needs for your club, the player and the supporters, but also has the expertise to identify the smaller things that will make your club stand out from the rest.

Understanding what is needed, what is demanded and what a player wants to wear is only half of what is required to be a good apparel partner. We at iAthletic have a proven record of delivering on time, increasing sales and creating partnerships to ensure partners know they can call on us to meet any of their urgent needs.

We will not promise what we cannot deliver.

PLAYING UNIFORMS

Our playing uniforms are made from the highest quality fabrics that are lightweight and breathable and produced in industry leading styles and cuts.

CUSTOM UNIFORM FABRICS

Made from a sublimated aerolite 140gsm fabric, our Pro Cut singlets have a breathable mesh aerolite fabric for the back panel adding to its overall performance.

CUTS

STANDARD CUT

Our standard cut playing singlets and shorts are designed to suit athletes from grassroots through to elite levels. The cut is based on the traditional basketball playing uniform with rounded V neck and traditional design for playing shorts.

STANDARD CUT REVERSIBLE

All the same great features as our standard cut singlets in a reversible, allowing your club to combine both home and away in one singlet.

PRO CUT

Worn by the entire WNBL and Australian Boomers and Opals, our Pro Cut playing singlet and shorts are inspired by the NBA and designed with the elite athlete in mind. Pro Cut singlets include the angled shoulder blade panel and Pro Mesh fabric through the back panel of the singlet that allows extra breathability. Pro Cut shorts include a side cut-out.

INDIGENOUS AND THEMED ROUNDS

No matter what your themed round is - we have you covered!

Indigenous rounds

We can turn your indigenous art into uniforms and apparel for your indigenous round - or if you don't have indigenous art yet, we can put you in touch with our partnered indigenous artist who can create a unique design for you!

Charity rounds

Whether it be a pink round for breast cancer awareness, an orange round for mental health, an ANZAC round for our servicemen and women or a unique cause for your club, we can design and deliver uniforms and apparel to suit your cause.

iRENEW AND UPPAREL

iRENEW

SAME CUTS. SAME QUALITY. BETTER FOR THE PLANET.

We also have our iRenew line of playing uniforms, singlets and shorts made from recycled and waste material, using less energy and new material and reducing non-biodegradable waste going to landfill.

Our iRenew material maintains all of its performance attributes, durability, strength and lightness.

RECYCLE WITH US

UP
UPPAREL

We've teamed up with Upparel to minimise what goes to landfill, making it easier for you to send your clothes back for reuse and recycling.

CUT AND SEW JERSEYS

The game has changed - Introducing our range of Cut and Sew Jerseys - NBA-Grade and the newest addition to our full range of playing singlets, designed to cater for all teams from the grassroots to the national level. Available to roll out for your club or even use for your supporter range.

PRODUCT SOURCING

Products are manufactured both here in Australia and abroad. To ensure that we offer customers exclusive product ranges at affordable prices, we use local companies as well as manufacturing companies throughout Asia to fill the needs of our partners.

The products we source are manufactured to meet the specific needs of our customer base. Custom made products, variety of qualities and small runs are what we do best. We do not require you to order 200, or even 100 units to make our standard minimums, **in most cases we only require 50 units to make your customized items.**

When we customize, products are often customized locally. Outside of sublimation, our network of in house and local embellishment services include screen-printing, digital print, heat pressing done, and embroidery.
